

## Outdoor Sports Guide

Early Summer 2009

Green Gear Guide

Featuring: The tekoPOLY Light LOW

**11 Sierra Designs Wicked Hot 45 Sleeping Bag**  
Enjoy summer camping in this unique bag made from Primaloft® Eco, an earth friendly insulation composed of recycled plastic soda and water bottles. Rated to 45° this ultralight bag stuffs down small so you can fit it in any pack. It also features straps on the back to keep you on your sleeping pad and has a zipper that goes all the way around the foot box so you can unzip the bag into a comforter. \$179 sierradesigns.com

**12 Dakine Project Blue Recycled Surf Packs**  
These gender-specific packs, Ocean (girls) and Racer (boys) are constructed with 100% Polyethylene Terephthalate, which is made from recycled plastic bottles. The packs also feature recycled buckles and use a non-toxic waterproof fabric backing. Though there's no surfing in Utah, you'll still find loads of reasons to use this pack, like taking it to the lake or pool. It features a semi-slated waist (or swimwear) pocket, an insulated cooler pocket for drinks and storage space. With the sale of each pack \$2 will be donated to the SurfRider Foundation, which helps protect oceans, waves and beaches. Ocean \$75, Racer \$70 dakine.com

**13 Locals Have More Fun T-shirts**  
Show off your local pride with shirts from the Park City-based company that uses organic cotton for green tees that feature fun graphics and sayings. Also, this organic cotton has a low environmental impact because it replenishes soil fertility and reduces the use of toxic fertilizers. The water-based ink used is non-toxic and free of lead, heavy metals and chemicals. This ink embeds the print in the shirt, not on top of it, so you don't feel the print on the shirt. \$23 localshavemorefun.com

**14 Aladdin Recycled and Recyclable 16 Ounce Travel Mug**  
Ditch the paper coffee cup and replace it with this mug made from BPA-free eCycle®, which contains 100% recycled food grade polypropylene. The mug is car cup compatible for easy travel and is dishwasher and microwave safe. \$9.99 aladdin-pmi.com

**15 Merrell Lynx and Boulder T-shirts**  
Stay dry and fresh during your workout with fitted workout shirts constructed from polyester and Cocona®s, a sustainable fabric made of cocoon shells that is naturally moisture-wicking and odor resistant. The shirts offer 50+ UPF protection to keep you from getting sunburned and are available for women (Lynx) and men (Boulder). \$40 merrell.com

**16 Merrell Zoe and Balance T-shirts**  
Workout this summer in style with Zoe (women) and Balance (men) shirts made from 58% pima cotton and 42% recycled polyester. The shirts feature OptiWick™, which wicks moisture from your skin and keeps you dry, even in the hottest summer weather. \$34 merrell.com

**17 tekoPOLY™ Low Socks**  
Keep your feet cool and dry during summer activities with these lightweight socks made from recycled polyester, nylon and Lycra. They're good for biking, running, walking and cross training and offer comfort stretch zones and strike zone cushioning in the footbed. Teko strives to reduce their carbon footprint by using minimal packaging from recycled materials and following other sustainable practices. \$11.95 tekosocks.com
